TIA Yukon Statement Re. Haines, Alaska State of Emergency

Haines, Alaska is currently in a state of emergency after intense rainfall triggered several devastating mudslides that swept away houses and roads in the region. As a longtime partner and friend of Haines, the Tourism Industry Association of Yukon has been deeply touched by this disaster and is committed to helping get Haines back on its feet.

We share a strong connection with Haines, not only as an organization, but as Yukoners. Even in this time of international border closures we have not forgotten the kindness and openness that we have always been greeted with in Haines. The people of Haines continue to generously share their mountains, ocean, and town with the Yukon. We are asking Yukoners to remember this in Haines's time of need and to consider giving a little back to the town that has given so much to us.

If you have the means, please consider donating to the Haines, Alaska Relief Fund which can be found [here](#).
